

## Client Testimonial – IP Sale

<i>Client:</i>	A nanotech company from the US
----------------	--------------------------------

*“Exponent IP are one of my favourite companies – they are different. We had worked with other IP “experts” in the past, but the reality was that they were thin on detail and in only for a quick and easy sale. Exponent IP walked us through multiple bids for our IP portfolio and worked with us to make the best decision for the company and our shareholders. I would go to them again in a heartbeat.”*
